

## PAVING FOR PURPOSE

Cornerstone Pavers of Caledonia donated its services to remove the asphalt at Giving to the Nations, 1701 12th Street. Giving to the Nations is starting a food pantry community outreach center that is scheduled to open this spring at the former site of the J&W Drive In, which closed in the early 2000s.

According to Pastor Lynn Nys, a Giving to the Nations board member, "The goal of this property is to not only have the food pantry happening on the interior of the space, but have other community outreaches in the exterior of the space."
